

Building Bulldogs for Life

A strong club is built on more than baseball. For more than 35 years, Kelmscott Baseball Club has proudly served the local community.

Kelmscott Baseball Club is committed to creating a welcoming, family-friendly environment where players, families, volunteers and supporters feel connected to the Club and each other.

How do we measure success?

To us, success isn't just winning premierships. While they may be great, we look more at what happened leading up to the premiership during the season. We look at aspects like our junior players who are the future of our club, our returning members as well as newcomers joining us for the first time, we look at the volunteers and everyone behind the scenes who make things happen. Success isn't just measured by a number of trophies, but by what got us there in the first place!

At our club, success will be measured by:

- Increased Junior Program growth
- More girls and women playing Baseball
- The strength of our Juniors to Seniors pathway
- Greater family involvement in both Juniors and Seniors
- Increased volunteer support
- Continuous engagement at club events
- Sustainable finances
- A welcoming and inclusive club culture
- Maintaining involvement of multiple generations of Bulldogs

Together, we can continue building Bulldogs for life!
